

# DALJEET SINGH

## FULL STACK DEVELOPER

### PERSONAL OBJECTIVE

Enthusiastic Web Developer keen to contribute to team success through hard work, attention to detail and excellent organizational skills. Clear understanding of task and training in work .Motivated to learn, grow and excel in work

### EXPERIENCE

I am a fresher college graduate with a strong foundation in web development. I have successfully completed a web development course and built several projects, including an E-commerce platform, a Chat app, and a Notes app. Additionally, I have hands-on experience with React Native, covering its fundamental functionalities, hooks, and state management. My passion lies in continuously learning and enhancing my development skills
